

# Spend Thrift

Here's a bunch of thoughtfully designed stuff that you can acquire.

➤ **The Baabus.** A set of 4 elephant coasters showcasing 'Tarkashi', the art of brass wire inlay in wood, this cute collection will add charm to your coffee sessions. *Enoy.*

➤ **Spinning down the road of memories.** These 'Lattu' pen stands resembling the tops we grew up playing, will make your work more playful and turn your desk into a playground! *Enoy.*

➤ **The Baaya.** A mimicry of the weaver birds nest, this curvy lamp is sure to be a smart addition to your home décor. *Enoy.*

➤ **Swimming Coasters.** These heat-resistant playful dubkee coaster set will definitely swim into your daily cutlery adding a playful element onto your table! *Enoy.*

➤ **Birds of a Feather.** An set of four coasters that will make you go 'aww!'; Fudakiyas are a tribute to the chirpy avian birds around us. A must have handicraft that is designed and executed with love. *Enoy.*

➤ **The upside down Torch.** This lighting fixture not only brighten up your room but also add strong style statement to your décor. *Enoy.*

**Enoy.**

A studio that celebrates Indian handicrafts and revives designers and artisans with the products which are a beautiful blend of technique and innovation bringing back childhood memories that are essentially Indian. Studio Enoy is a home to a variety of products such as lighting, home décor, textiles and tableware. [www.studioenoy.com](http://www.studioenoy.com)

**Folkloric.**

An interesting collection of Aztec and Indian prints, Folkloric's collections are derived from intense brainstorming sessions between artists and folk artists. True to the name Folkloric tells the story of traditional India in a modern and creative way bringing forgotten art forms into mainstream retail. [www.folkloricindia.com](http://www.folkloricindia.com)

➤ **Chevron Cotton.** This Aztec print, 100 % cotton cushion cover with pastel shades is sure to brighten up your room. A 20"x20" huggable friendly pillow, one is just not enough! *Folkloric.*

➤ **Dine like a Diva.** Set your plate in style on these 100% cotton chic Aztec Gond place-mats set with bold prints, easy to wash, these gorgeous table mats will blend into any setting and liven up your dinner parties. *Folkloric.*

← **Chic Aztec Bag.** There is no such thing as too many bags, pick up this stylish tote with earthy accents to spruce up your look. Carry the world with you as you'll never run out of space with this one! *Folkloric.*

➤ **Paper Planes.** A strong reminder of the paper planes constructed and "flown" by every child in school, this design is a symbol of simpler days and the joy that accompanied it. A perfect messenger, photograph holder, a memo, card or menu holder, the uses are plenty! *Rayden Design Studio.*

← **Aztec Bag.** The secret of making a bag an object of envy is by allowing it to blend into whatever style quotient you choose to follow that day. This Aztec Gond Tote bag with bold, fun prints is a must have for all those stylish women out there. *Folkloric.*

➤ **Islamic 4-pie:** The name of this product represents the use and aesthetics aptly. A char-pi (four legged) incorporates from Islamic architecture the delicate arches that add elegance and class to any space. Also available in combinations of different tops like hardwood, cushions, woven. *Rayden Design Studio.*

➤ **Organised Sailing.** An organiser for your desk, this brass boat is a sophisticated version of the numerous boats that sailed through rain water and streams carrying messages from our childhood. If this will take you back to your sweet childhood! *Rayden Design Studio.*

➤ **Sofa Scallops.** Decorate your living room with earthy shades as these 100% cotton cushion covers blend and accentuate your zone of comfort. Throw them into any setting as they make a fine addition to your home décor. *Folkloric.*

**Rayden Design Studio.**

A studio striving to bring to your life memories from the past in a contemporary and chic way. All the products are an intense blend of art, design and engineering. Understanding the materials and molding them to fit the context and people is what creates an experience about their work. [www.raydendesign.com](http://www.raydendesign.com)
